

## VUE Video Doorbell

### Benefits

- Secure streaming and encrypted communication keep data protected
- Combines video and intrusion in one unified experience
- Compatible with Monitoring Center Video Verification
- Increase RMR opportunities through video + intrusion packages
- Pair with AlarmVision® and an XR Series or XT75 control panel for a sophisticated monitoring solution with advanced analytics like loitering, line cross and more

### Features

- 5MP / 3K resolution (1620×2880) at a 9:16 aspect ratio for a perfect vertical view of visitors and packages
- True WDR for balanced exposure in challenging lighting
- 1.2mm Lens, Wide Field of View: 120° horizontal, 180° vertical
- Powered via PoE or 8-24VAC adapter
- Hardwired or dual-band Wi-Fi (2.4GHz/5GHz)
- Advanced analytics includes person, vehicle and package detection, supports 4 AI detection regions
- IR up to 16.4 ft
- Built-in microphone & speaker
- Supports mechanical chime

# VUE Video Doorbell

VUE Video Doorbell blends high-resolution video, AI detection and flexible installation options into a sleek, compact design. It delivers real-time situational awareness while ensuring privacy and reliability.

For small to medium business, retail and residential applications, it represents the next generation of unified intrusion and video solutions — easy for dealers to install and enjoyable for users to experience.

### INSTANT, ACTIONABLE AWARENESS

Users can see and speak with visitors from anywhere. Get the right alerts at the right time with smart, meaningful notifications. Use AI-triggered alerts to detect motion, vehicles, people and packages. Can be viewed by Monitoring Center operators for Video Verification purposes.

No false alarms. No wondering what that noise was. Nothing important will be missed. VUE Video Doorbell offers deterrence and evidence when you need it most.

### CLEAR, RELIABLE VISUALS

See who's there day or night, with hi-res 5MP video, 3K quality, true WDR and low-light visibility (IR + warm light). The wide-angle, HD video with night vision keeps users informed at all times. Their front door should never be a question mark.

### PRIVACY & RELIABILITY

Secure streaming and encrypted communication keep data protected. Whether welcoming a guest, directing a delivery, or ignoring a solicitor, the homeowner can answer their door on their terms.

### SEAMLESS CONTROL

VUE Video Doorbell is integrated with Dealer Admin and Virtual Keypad, combining video and intrusion in one unified experience. Remote access allows users to answer their door from anywhere via their smartphone.

## SPECIFICATIONS

### SENSOR AND LENS
